PROFILE

I'm an aspiring UI/UX designer with a Computer Science background and a genuine passion for creating intuitive, user-friendly digital experiences. I enjoy applying design thinking to build wireframes and prototypes that really focus on the user. I'm excited to work on projects where I can contribute my ideas, improve usability, and make digital products more enjoyable for people.

EDUCATION

Bsc Computer science   July 2022 – April 2025
Mazharul Uloom College Ambur - 635802

SSLC & HSE
Mazharul Uloom Higher Secondary School Ambur

PROFESSIONAL EXPERIENCE

Internship Trainee   July 2025 –
Aspire Systems(India) pvt ltd   October 2025
- Acquired strong problem-solving and critical-thinking skills by working on   VIT Vellore
  software development tasks and real-world technical challenges.
- Strengthened both technical and soft skills as part of the SHINE Skill
  Enhancement Program organized by the Pearltri Foundation under the CSR wing
  of Aspire Systems India Pvt. Ltd.

PROJECTS

EduSpark - E-learning Platform App Design + Case study 🔗
- Designed a modern and intuitive e-learning mobile app to enhance course engagement and user experience.
- Created a complete design system, user flow, wireframes, and high-fidelity screens using Figma.
- Focused on clean layouts, accessible typography, and a consistent visual hierarchy to improve usability.

Shine – Skill Enhancement Program Website Design + Case study 🔗
- Designed and prototyped a website for Shine Skill Enhancement Program.
- Created sections for Alumni, Placements, Events, Blogs, and Partnerships.
- Applied clean layouts, consistent color theory, and user-friendly navigation.

FlowPay – Mobile Payment App Design 🔗
- Designed and prototyped a digital payment app inspired by UPI platforms, focusing on simplicity and ease of use.
- Created reusable components and variants in Figma to maintain a consistent and scalable design system.
- Emphasized a clean, intuitive interface to ensure secure, reliable, and user-friendly transactions.
